

## **New! Additional Single Service Tickets for Members Only (\$54 per service)**

Is your aunt visiting from out of town during the High Holydays? Does your daughter want to bring her boyfriend? Do you wish your elderly mother could come in from London to break the fast? If you're a member of the DJC, you may purchase additional tickets to individual services at a reduced rate for family or close friends who will accompany you as a unique occurrence.

Help us maintain this special benefit for members. This ticket category **does NOT replace "single service tickets"** for Torontonians who consider the DJC each year. If you have a friend in Toronto who's entertaining joining the DJC, they should buy a regular ticket or purchase a reduced rate membership for new members; and if your elderly parents accompany you every year, we hope they'll buy a membership, too.

Reserve these special additional tickets for those rare occasions when you need to add one or two special guests to your family for one of the High Holydays.
